TEN CENTS

Screens Approved City Will Aid in Installation

BY PAM TROBOY
Staff Writer

About 2.7 miles of major thoroughfares will be eligible for screening under a city policy approved Monday night.

Council members agreed to assist homeowners abutting such streets to obtain a living or masonry screen, if 90 percent of the homeowners request its construction. Most residential neighborhoods adjacent to major thoroughfares are screened by developers when the subdivisions are approved by the Planning and Zoning Commission and the City Council, but some subdivisions along FM 544, Park Blvd. and Parker Rd. were not screened before the individual lots were sold.

The situation was brought to the attention of the council last month by a group of homeowners living along FM 544 between Stratford Dr. and Cloister Way who asked the city to construct a screen for safety reasons.

The policy approved Monday provides that the city will install and maintain a living screen at a cost of \$3.50 per linear foot to the abutting owners or participate in the cost of a concrete screen up to \$5 per linear foot.

The type of screen and its financing will be the responsibility of the petitioning homeowners, although the city will accept secondary liens on homes to allow time payments. If all areas eligible to participate in the program request assistance, the cost to the city would probably be about \$70,000, according to City Manager David Griffin.

The council also studied an annexation and zoning request from Shindler-Cummins on 215.6 acres located about 800 feet east of the intersection of FM 544 and Preston Rd. After about an hour of discussion the council agreed to table the request to allow the developer to make another proposal with the help of council guidelines.

Council members suggested that the tract should be zoned 30 acres PD-retail, 35 to 40 acres PD-MF-2 apartments, 40 to 50 acres SF-3 residential and about

110 acres SF-2 residential. The council also requested that special attention be given to buffer zones for retail and apartment districts.

The developer had requested 45 acres PD-retail, 43 acres PD-MF-2, 47 acres SF-3 and 80 acres SF-2 which was reduced by the Planning and Zoning Commission to 30 acres PD-retail, 30 acres PD-MF-2, 25 acres SF-3 and 130.6 acres SF-2.

John Mason, representative of the developer, told the council that current plans are to develop the tract as a discount-type regional shopping center which would be a complementary market for the Sears regional shopping center which is located across FM544.

In other action, the council approved four final plats including the Park Blvd. Overpass right-of-way and postponed action on the fifth plat which also includes a section of the right-of-way. Mayor Norman Whitsitt said the plat was withdrawn at his request and that he would explain his action to council members in an executive session. He added that the problem should be "worked out in a week or two."

The council also accepted dedication of a 5.739 acre park site in Dallas North Estates No. 15 from Summit Development Company, authorized a \$57,081.39 payment to J.W. Walker Concrete for completion of the 1974 sidewalk program, awarded a \$3,896.25 bid for a sewer rodding machine to Water Works Supply, approved payment of \$893.60 in dues for participation in the Collin County Mental Health Clinic and heard a report on bids for the removal of the George Home from city property.

No bids were received on the old home, so the city attorney has ruled that the property may now be considered a liability and may be given away at the city's discretion. Council members Louise Sherrill and Warner Richeson have been appointed to investigate the city's options in the matter. Richeson suggested that the home might be made a project for the Bi-Centennial Celebration and Doug Herrin

pointed out that there might be room for the home on the Ammie Wilson property which will soon become a dedicated city park.

The council also accepted a report from Shimek, Roming, Jacobs & Finklea on various methods of transporting solid waste from Plano to the Barnes site and the Maxwell Creek site. Ross Jacobs, consulting engineer, recommended that the city participate in Richardson's proposed transfer station and that Plano make direct primary hauls to the station and secondary hauls to the landfill site.

Jacobs estimated that

such a plan would cost about \$4,441.90 a week. He said that this method would be the most economical for the city and pointed out that increased quantities of solid waste will result in a lower cost per ton as time passes.

Bob Goodman also took the oath of office as a trustee on the Library Board and plaques of appreciation were presented to John Helsley, Library Board; Jack Hatchell, Citizens Traffic Safety Support Commission; and Billy Phillips, Electrical Board.

The council also met in executive session before and after the public meeting on personnel and legal matters.

Two Stabbings Reported Here

Two separate stabbing incidents this weekend are under investigation by Plano police.

A spokesman said that no serious injuries resulted from either incident, although one arrest was made after a preliminary investigation. Officers said that one stabbing has been classified as an accident.

Authorities are also investigating reports of 10 burglaries and 10 thefts which have occurred during the past five days. Among the businesses burglarized are Plano Medical, Mustard Seed, Plano Marine, Plano Auto Machine & Supply and Mendenhall Elementary School. Police said a small amount of cash was taken in each instance. Five residences and one motor vehicle were also burglarized during the period.

Police have arrested 26 persons including one for assault with a deadly weapon, one for theft, two for shoplifting, four for public drunkenness, six for driving while intoxicated, two for drunk and disorderly, one for affray, three

for violation of curfew, two on traffic, two on warrants, one indecent exposure and one for shooting a BB gun inside the city limits.

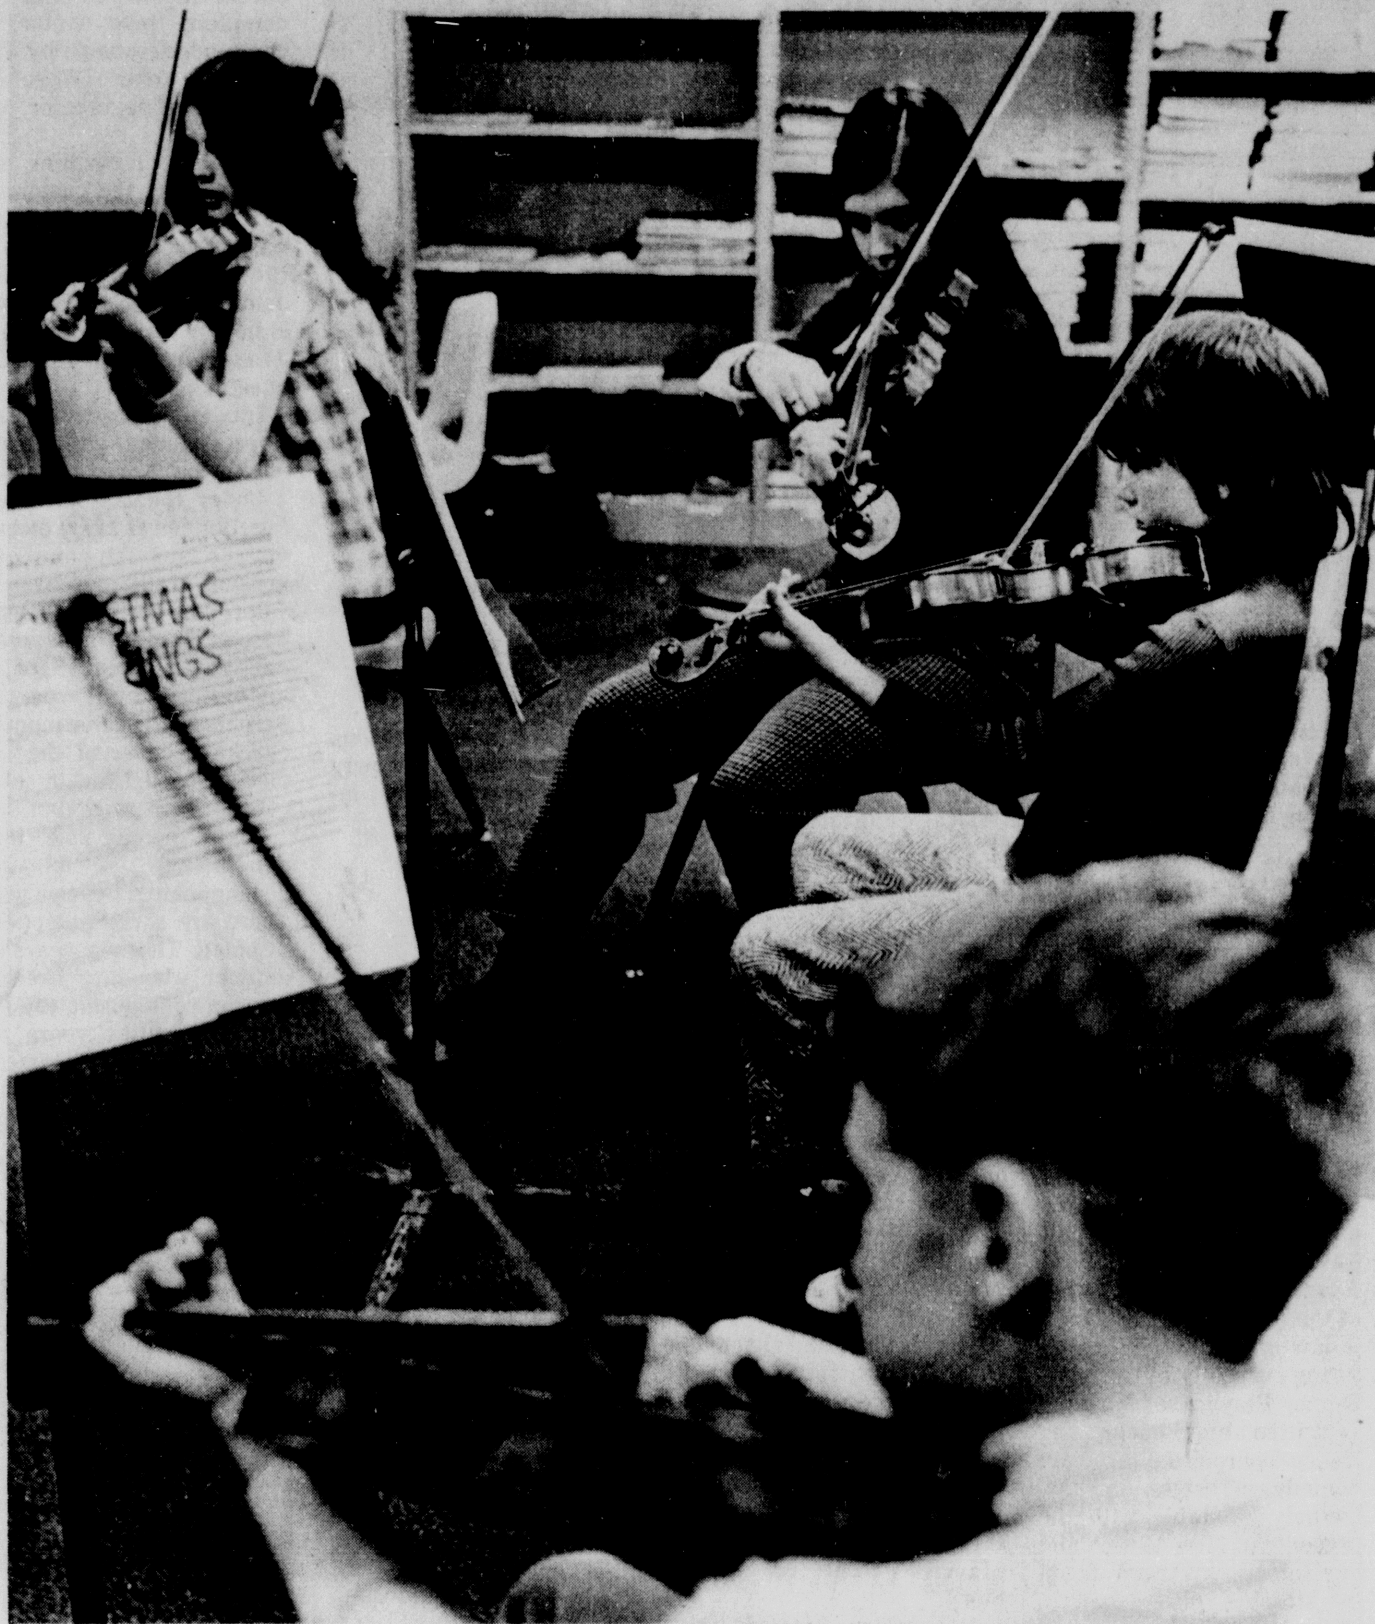

Officers have also recovered two bicycles, investigated nine accidents and answered 174 calls.

Auto Firm Sponsors Coffee

The weekly coffee sponsored by the Plano Chamber of Commerce will be hosted this week by Late Chevrolet.

The function is open to everyone, whether members of the Chamber or not, and is held at 10 a.m. Wednesday in the Community Room of the First National Bank.

A Chamber spokesman advised that Late has planned a very special program and urged a large attendance.

Christmas Strings

The PISD All-District Orchestra will make its first public appearance Tuesday, Dec. 17, in the Plano High School auditorium. These students are among those participating in the district's first strings program. Mrs. Thalia Jones,

director of the program, said the orchestra's first performance will consist of Christmas and classical music. There will be no admission charge. (Staff photo by Mike Newman).

Coal Strike to End Construction Workers Agree

By United Press
International
Union representatives tentatively approved a new contract for coal mine construction workers today

and one union source said the waning nationwide coal strike might end completely next week.

The agreement came at 2 a.m. in Washington after several days of bargaining. The terms were not immediately announced.

The United Mine Workers Bargaining Council will begin looking over the new pact Wednesday and the union source said if the council approves, the 4,000 mine construction workers could vote later in the week whether to return to work next Monday.

Up to one-quarter of the nation's 120,000 soft coal workers—their own contract

already approved and official—continued to honor picket lines thrown up by the construction workers in several states.

A number of mines remained closed due to the picketing.

The UMW, which represents both the coal miners and the construction workers under separate contracts, has urged the construction men to stop their picketing, mainly in Illinois, southwestern Virginia and southwestern Pennsylvania.

"I would think those pickets would be substantially reduced later today," said a UMW

spokesman, referring to the agreement by coal mine operators and 10 representatives of the construction workers.

"If the bargaining council approves, you could get a quick vote on Friday and Sunday because of the relatively smaller number of (construction workers) involved," he said. "Monday sounds like a good day for them to return to work."

The main issues in the construction workers' contract were wages, seniority and safety in building mines. Senior construction workers currently make between \$42.25 and \$52 a day.

New Chairman Seen

Mills Will Not Serve

WASHINGTON (UPI) — Speaker Carl Albert said today Rep. Wilbur D. Mills, D-Ark., will not seek the chairmanship of the Ways and Means Committee because of his health.

Albert said he spoke this morning with Mills' doctor at Bethesda Naval Hospital and was told that on the advice of his doctor, "he is not going to seek the chairmanship on the committee on ways and means."

Mills, 65, is in his 18th term in Congress, but Albert said a decision on whether he will resign from the committee entirely, or perhaps from Congress, has not been made.

"The medical processes have not been completed and may not be for a while," Albert told newsmen. "His other decisions—staying on the committee or whatever else—will be made later."

Mills has been in Bethesda Naval Hospital for treatment of what was described as exhaustion.

His position as chairman of Ways and Means has

made him one of the most powerful men in Congress but that power has substantially decreased in the controversy surrounding his friendship with a Washington stripper, Annabel Battistella.

Mills recently appeared on stage in Boston with the stripper, who goes under the professional name "Fanne Foxe."

Albert told newsmen he did not talk directly with Mills but that a friend of the Arkansas congressman had done so this morning.

Building Industry Has Good Year

Home construction in Plano is still running ahead of last year, according to Ralph Shick, city building official.

He noted that single family residence permits are up 16.5 percent from last year as of Nov. 30. He said 1,608 permits have been issued this year while only 1,380 were issued during the same period of 1973.

Permits are also up about 77.4 percent over October. During that month only 71 permits were issued, but 126 permits were issued during November. In November of

1973, 170 single family permits were issued.

Shick said the homes built this year are valued at \$35,497,858 and that homes built this past month are valued at \$2,435,030. Homes built in 1973 were valued at \$30,715,901.

One retail permit for construction valued at \$85,000, five office permits valued at \$470,000 and one school permit valued at \$1,100,000 were also issued in November.

Total construction permits for last month are valued at \$4,127,842, he said.

Briefs

Akin Suspends Fine

DALLAS (UPI) — District Judge Ted Akin fined Dallas County Sheriff Clarence Jones \$500 for contempt Monday but Akin suspended the fine because he said Jones acted in good faith.

Akin had found Jones in contempt because he refused to follow a court order to allow a New Hampshire insurance firm to sign as co-surety on bail bonds.

Akin said Jones was technically in contempt but that the sheriff was "motivated honestly" by an opinion from the district attorney's office.

Akin said Jones was now allowing the New Hampshire firm to sign as co-surety on bail bonds and he said he would take "very drastic measures" if Jones violated the order again.

Oyster Recovery Defeated

WASHINGTON (UPI) — The House of Representatives Monday killed a \$5 million program to help Louisiana oyster fishermen recover from the 1973 floods.

The House voted 185-172 to defeat the measure.

Congress Retains Tapes

WASHINGTON (UPI) — Congress wants the tape recordings and documents assembled during Richard Nixon's presidency to stay in Washington.

The House and Senate both passed a bill Monday to nullify the Sept. 7 agreement with the General Services Administration which gave Nixon the right to move the estimated 42 million White House tapes and documents to San Clemente, Calif. Nixon also got ownership of the material and the power to destroy them after five years or direct that they be destroyed upon his death.

Vetoed Bills Signed

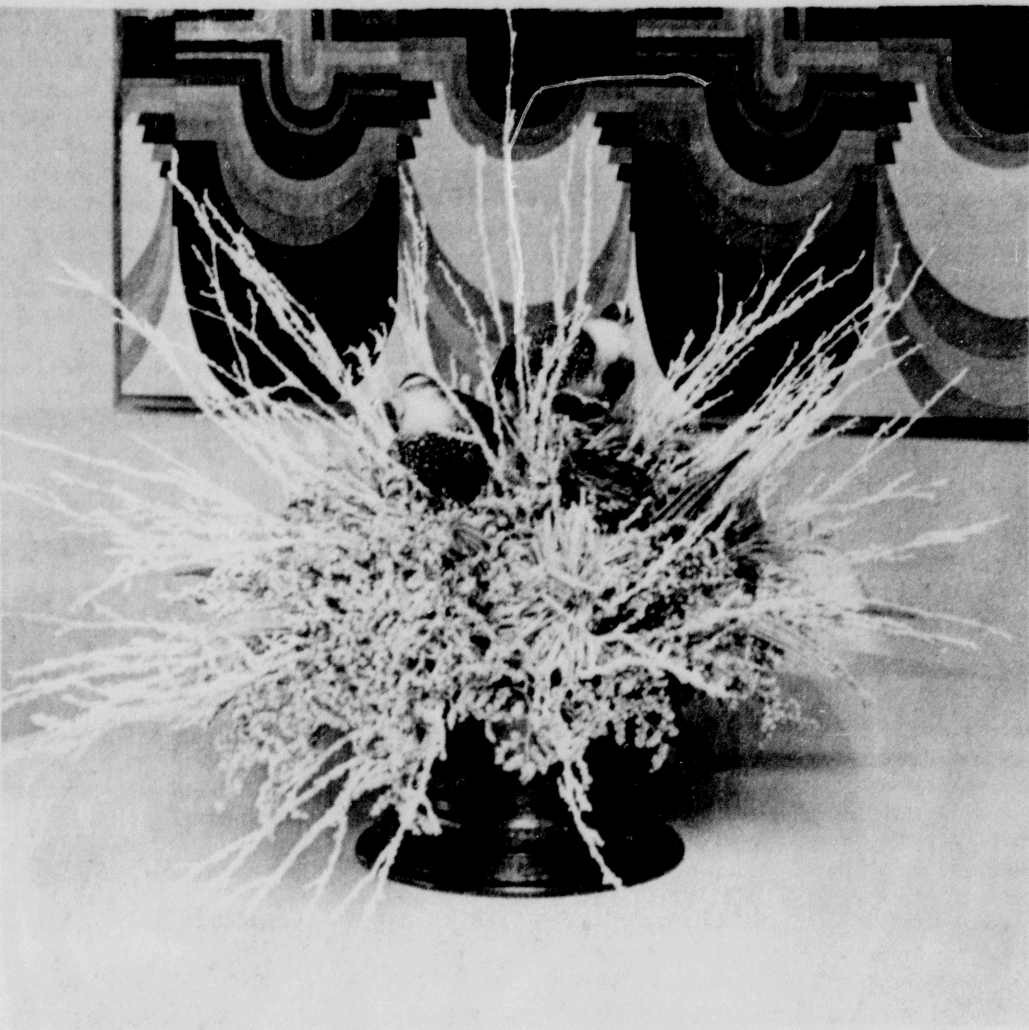

WASHINGTON (UPI) — President Ford signed two measures Monday that he had previously vetoed and also signed a \$33 billion bill to finance HEW and Labor Department programs he had threatened to veto.

The two bills he previously vetoed were one to expand protection for migrant farmworkers and another providing funds for rehabilitation and vocational training of handicapped persons.

Take Me Home

This puppy, currently a resident of the Plano Animal Shelter, is looking for a new home for Christmas. All breeds of kittens, puppies and dogs are available from time to time and the animal control wardens report that the pound now has a good selection—just in time to give a pet for Christmas. Kittens are free for the asking and dogs may be claimed for \$5. Each dog is held for five days to allow the original owner time to claim his pet, but if no one claims the dogs within a reasonable time the animals are destroyed. The police department at 424-5678 has a list of animals available or they may be seen at the shelter each afternoon between 4 and 4:30 p.m. The shelter is located on FM 544 east near the sewer treatment plant. Make a child and an animal happy this Christmas—adopt a pet. (Staff photo by Mike Newman).

A scene from "My Daughter, Your Son" finds June Allyson and Carle Bensen as the Gordons in a satirical discussion about their children. Miss Allyson is the star of the comedy presentation now showing at Granny's Dinner Theatre and is supported by a fine cast including her son, Dick Powell Jr., who also appears in a starring role.

Allyson Starring
Play Given Boost

BY NELDA WHITEHEAD
Staff Writer

"My Daughter, Your Son" is not necessarily a Van Gogh in dinner theatre fare, but even Van Gogh would have loved seeing June Allyson in her role as mother of the daughter and mother-in-law of the son in the offering currently at Granny's Dinner Playhouse.

Written by Phoebe and Henry Ephron, the three-act comedy is bright and extremely palatable with the presence of Miss Allyson and her son, Dick Powell Jr. in the starring roles.

The play, which is directed by Frank Wayne, demands some juggling on the stage, as frequently there are three different scenes taking place at one time one of them involving a delightful

segment of telephone communication.

As Maggie Gordon, mother of Anne (Teri McMinn) and Jimmie (Mark Hoyt), Miss Allyson is a movie star mom who more often than not ends up in the role of an alcoholic.

The charisma and charm of this delightful actress reaches across the footlights to touch the hearts of those who loved her in all those wonderful movies, "The Glenn Miller Story", "Till the Clouds Roll By and the classic "The Stratton Story."

As a matter of fact, Monty Stratton and his wife, Ethel, were in the audience on press night to be introduced by Miss Allyson in a post show announcement, which was followed by a warm

reunion among the three at the press party. (The Strattons make their home in Greenville).

Dick Powell Jr. gives a fine performance as Joe Ellis. His resemblance to his famous father is striking, and there is a marvelous rapport between him and Miss Allyson, as well as other members of the cast. Dick, who is in his early 20's, already exhibits a special talent that is reminiscent of his famous father, and characteristic of his equally famous mother.

His most important role to date is that of portraying his father in a soon-to-be-seen Paramount spectacular, "Day of the Locusts."

Carle Bensen appears as Arthur Gordon and husband of Maggie in the play and delivers a strong and impressive performance.

Another sterling performance is turned in by Merle Albertson who plays Sally Ellis, mother of Joe. She is delightful as a "not all together-with-it" mom and wife of "Daddy" Ellis, a dentist, whose main interests in life revolve around teeth—anybody's teeth. Ellis is portrayed by R. Cotham Jolly, who is well-known for his fine work in San Antonio among other locations.

After a slow starting first act which runs a bit long, the play goes into the second and third acts with an upsurge of comedy and fine entertainment.

With Miss Allyson's reputation preceding the opening, Granny's announced an all almost complete sell-out for the next three weeks, but the production will continue through Jan. 26, which gives Dallas and surrounding area theatre patrons a chance to share an evening with Miss Allyson, Dick Powell Jr. and a fine supporting cast.

What a perfectly lovely way to spend a holiday evening!

Postage Needed
Says Postmaster

Postmaster Billie Creed today reminded customers that the U.S. Postal Service has instituted a policy to discontinue delivering mail on which there is no postage.

Postmaster Creed said the new policy was instituted because of the high costs being incurred by the Postal Service in its attempt to deliver such mail. Officials estimate that such costs total approximately \$18 million annually.

In announcing the new policy last month, Postmaster General E.T. Klassen said, "it is unfair to burden the vast majority of mailers with costs created

by the few who mail without prepayment of postage."

Creed explained that letters mailed without postage will be returned to sender if there is a return address, or to the dead letter office, instead of being delivered to the address as postage due mail, as has been the custom. Postal officials will attempt to find the sender of unpaid mail and return it for a slight fee, if there is no return address.

"Naturally we realize that someone could inadvertently forget to put a stamp on a letter or that a stamp could come off prior to cancellation, so we urge mailers to be sure to include a correct return address on their mail," Creed said. "This new policy does not have any effect on business reply mail that is used mostly by business concerns," he concluded.

Santa Store
To Open

Santa's Secret Store will be open for business Saturday Dec. 14 at the Memorial Elementary School.

The annual affair is designed for school children to shop in secret for gifts for their families at Christmas. Handcrafted items will be available.

Report Deadline
Drawing Near

Persons in Plano who receive Veterans Administration pension checks should remember to complete their annual income questionnaire by Jan. 1, Jack Coker, Waco VA regional office director, said today.

The Jan. 1 deadline is a change from the customary Jan. 15 date to relieve the bottleneck experienced in the past on preparing January checks for pensioners waiting to mid-January or later in returning questionnaires.

Income questionnaires were included with pension checks for November.

Under the law VA mails questionnaires to veterans on nonservice-connected pension rolls, widows of veterans receiving pension based on the nonservice-connected death of a husband, and certain parents who receive monthly checks because of the service-connected death of a veteran or serviceman.

Coker noted that most pensioners must file questionnaires each year. There are some exceptions, he noted. Those 72 years old or over who have been on pension rolls during the last two consecutive years are exempt from routine reporting; however, they must report income changes when they occur.

Coker also pointed out that

some beneficiaries who normally are exempt will receive questionnaires this year because of cost of living increases in their annuities.

According to the VA, thousands of beneficiaries missed the former Jan. 15 deadline over the years. Prompt return of questionnaires by the new Jan. 1 deadline will avoid delays in next year's checks, Coker said, stressing that a special effort is needed this year by the late filers.

UT Dallas
To Hold
Annual Show

The annual University of Dallas Christmas Art Show and Sale will be held Sunday, Dec. 15, from noon to 4 p.m. at the Haggerty Art Center on the U.D. Campus.

A variety of hand-made gifts, including pottery, prints, paintings, jewelry and other artifacts, will be exhibited by U.D. artists. Prices start at \$2.

Hot cider, snacks and other refreshments will be served during the afternoon sale.

Guests will also have the opportunity to visit galleries and studios in the newly-completed \$250,000 addition to the Haggerty Art Center.

Clay Carr Jr., (left) 2304 Overglan Drive, Plano, recently received a certificate and pin for 10 years of service in the Federal Government. Presenting the award was Col. Harry B. Urey, Jr., USAF, commander of the Defense Contract Administration Services Region (SCASR) Dallas, where Mr. Carr is the chief of the Office of Civilian Personnel. SCASR Dallas administers U.S. Government contracts in a five-state area and makes payments to contractors for material delivered to the Department of Defense.

Credit Courses Offered At PHS

Grayson County College, in cooperation with the Plano Independent School District, will offer college credit courses at the Plano High School during the spring semester, Gene Foster, Evening Division Director at the College, announced today.

Classes will be held on Tuesday and Thursday nights with courses in accounting, U.S. history, business law, business psychology, business management, medical terminology, math, sociology, english and government, offered for area residents. Other courses are available at McKinney High School on Monday and Wednesday nights.

Tuition and fees will depend on what the student is taking. One course normally will cost \$26.50; two courses, \$40, and three courses, \$58.50. Grayson County College is fully approved by the Southern Assn. of Colleges and Universities, making all courses transferrable to senior colleges.

Persons who may attend these courses include high

from almost every seafaring nation on Christmas Day will open packages that have been a year-round project operated through the Seamen's Church Institute of New York.

In each, they'll find a handknit sweater, or a combination of any two of the following—scarf, watch, two pairs of socks and gloves, also handknit. There also will be individually wrapped "stocking stuffers" such as stationery, pen, sewing kit, playing cards, manicure set, world map, magnifying glass, Christmas candy, and a greeting card with message in several languages.

"Surely, the men can go out and buy a sweater," said Mrs. Constance B. West, director, the Women's Council of the institute. "But they can't buy the love and thought that goes into it."

Program Explains Title Insurance

Suppose a citizen has owned a house four or five years when suddenly someone took him to court with a valid claim against his house and land. He has no title insurance. He would stand to lose his home.

This possible situation will be dealt with in the half hour television program, "Real Estate Today," Sunday Dec. 15 on KXTX-TV, Channel 39, at 12 noon.

Three title company presidents will explain title insurance, its purpose, what it covers, and its rates on the program sponsored jointly as a public service by KXTX and the Real Estate Department of the School of Southern Methodist University.

Panel members will be Jack Rattikin Jr., president of Rattikin Title Company, Fort Worth; Larry G. Wood, president of Guardian Title

Company, Ft. Worth; and Philip D. McCulloch, president of Hexter-Fair Title Co.

"If the homeowner has to go to court, the title insurance will back him for court costs, and will cover his losses if he loses the case," according to Rattikin, who is also chairman of the Gracy Title Company in Austin and Equitable Title and Abstract Company in Amarillo.

There have been great losses in title claims in Texas, according to McCulloch. Title insurance has paid 4 million dollars in claims. The premium is paid only once for the life of the policy. However, it is not transferable in the sale of the property.

Sunday's program will be moderated by Ken Ellis, SMU real estate graduate student.

POLLY'S POINTERS

An old standby for wood stains

By Polly Cramer

Polly's Problem

DEAR POLLY — Can you tell me how to remove a white coating on a polished hardwood floor left after a radiator leaked? — H.McC.

DEAR H.McC — My old standby for removing white spots from furniture is to make a paste with cold cigarette ashes and either butter or margarine. Rub in very hard following the grain of the wood until spot disappears. It seems logical that this should work just as well on a polished floor but perhaps some of you readers may have better ideas. — POLLY.

DEAR POLLY — My Pet Peeve is with electric mixers that are made with such short legs on the beaters that each time I try to whip any quantity of potatoes or make an angel cake (which is often) the beaters are far too short and the mixture is all clogged up under the mixer. This is very frustrating for with beaters a bit longer we could do so many jobs so much better. — ISABEL.

DEAR POLLY — I used to let the coffee and tea stains stay in my pots as I could not get rid of the bleach taste for a week after such cleaning. Now after bleaching them I rinse with water, put a small amount of vinegar in each pot, swish around until all the inside of the pot has been touched by the vinegar, rinse again and all is clean with no taste of bleach. POLLY'S NOTE: I find electric dishwasher detergent in water is great for soaking stains out of my white porcelain-like coffee pot.

My paper-towel holder is an older one made to accommodate the smaller rolls and is really overstuffed when I try to put in a big economy roll. To remedy this I first use a new roll to clean the windows and by the time it is needed in the kitchen, it is down to the right size for my holder. — MRS.L.L.

DEAR POLLY — I keep a small whisk broom underneath my Christmas tree skirt. When needles fall from the tree onto the skirt, I pull out my hidden broom and simply sweep the needles into my hand. — NANCY B.

DEAR POLLY — I have discovered a great solution to use on the undersides of shirts to remove perspiration stains. Make a thin paste of water and a mixture of half baking soda and half granular detergent. Allow stains to soak in this for about 20 minutes and then proceed to launder in the usual manner. — MRS.A.P.

FUNNY BUSINESS

By Roger Ballen

WORLD ALMANAC FACTS

The first national horse show in the United States was held at Madison Square Garden in New York City from Oct. 22-26, 1883. The show had some 623 horses entered by 187 exhibitors and was sponsored by the National Horse Show Association of America.

SIDE GLANCES

by Gill Fox

CARNIVAL

by Dick Turner

For Wednesday, Dec. 11, 1974

ARIES (March 21-April 19) A frustrating condition is about to change. You'll be better able to come to grips with it and reduce it to a manageable size.

TAURUS (April 20-May 20) Don't let any more time go by regarding a business situation that you're displeased with. Work it out today, especially.

GEMINI (May 21-June 20) Team effort is called for today. Be sure you're equally as industrious as your counterpart, or he'll get bugged with you.

CANCER (June 21-July 22) The early part of the day, you'll be somewhat lackadaisical about your chores. By afternoon, you'll have a full head of steam up.

LEO (July 23-Aug. 22) You need a slight change of pace now. Plan something for this evening that is pleasurable so the week won't seem so long and draggy.

VIRGO (Aug. 23-Sept. 22) Your patience is very thin-skinned today, especially toward evening when you might be grumpier to family members than is usual.

LIBRA (Sept. 23-Oct. 23) You'll evoke resentment from others if your remarks are too sharp or cutting today. Think carefully before you speak.

SCORPIO (Oct. 24-Nov. 22)

You're too concerned now as to whether you'll get what's coming to you. Your actions will lead others to think you're selfish.

SAGITTARIUS (Nov. 23-Dec. 21) Be careful you don't overreact if everything doesn't go exactly your way. You can be firm; just don't be too forceful.

CAPRICORN (Dec. 22-Jan. 19) Something will occur today that will annoy you. Bring it out in the open. Clear it up quickly rather than hide it and let it smolder.

AQUARIUS (Jan. 20-Feb. 19) You'll leave something important half-finished, thinking you'll get back to it later. You won't. Valuable time will be lost.

PISCES (Feb. 20-March 20) In competitive situations, don't be bluffed by your opponent. The odds favor you to come out on top.

Dec. 11, 1974

This year will find you in several very ambitious undertakings where you'll put all your chips down and play to win. If you rely on effort and not luck, you'll do OK.

Food Store Has Dandy Idea

Early Warning Systems Alerts Customer

By DICK WEST

WASHINGTON (UPI) — A food store chain whose name I won't mention because it sounds too much like a rival news service (not Reuters) has come up with a dandy idea.

It has developed "an early warning system on price increases" to help protect its customers from surprise attacks at the checkout counter.

"Every week we will voluntarily post a list of price increases such as those received from manufacturers a full seven days before we actually change our price," the company announced.

This will, I predict, be the most powerful anti-inflation weapon since the WIN button. Note how beautifully it fits in with the Ford administration's concept of economics as a war on inflation.

Its potential is, indeed, so potent the administration would do well to make it a part of the President's own economic program.

The preliminary thinking is to hang lanterns in church steeples when price increases impend—one if by

wholesale, two if by retail. Heralds on horseback then gallop over the countryside, spreading the alarm.

"Prune juice is rising," they cry. Or whatever the appropriate warning might be.

Approved citizens flock to the grocery store in time to lay in a supply of prune juice before the price boost hits. It gives Ford's inflation fighters an aura of Minutemen that could do wonders for morale.

Additionally, there is already extant and in good working order an early warning system developed by Civil Defense to alert the populace in event of enemy air and missile attacks.

With some modifications, it would make an ideal back-up for the primary warning system outlined above.

Sirens wail over cities and byways. Citizens spring up and switch their radios to the spot on the dial designated for broadcasting instructions to civilians during national emergencies.

"This is the President speaking. At 10 o'clock Eastern Standard Time this morning an 18 per cent increase in prune juice prices

was detected on the wholesale market.

"Consumers have ap-

proximately 30 minutes to reach their supermarkets before the upsurge is felt at

retail level. A half-hour isn't a lot of time. Good luck.

Pop, Christmas and concert music will be featured tonight in the Wilson Symphonic, Concert and Cadet Bands annual Christmas Concert. The three bands will perform in the Wilson School Cafeteria and admission is free. The 60-member Cadet Band will play "Hard The Herald Angels Sing," "Royal March," and "Royal Fireworks Music." "Christmas Carol Suite," "All I Have to Do Is Dream," and "Balladair Overture" will be performed by the 67-member Concert Band.

Nostalgia

Sigrid Mureen as First Woman, Larry Whitcher as First Man, Stephen Tobolowsky as Narrator, Steve Riley as Second Man and Sharon Bunn as Second Woman (left to right) comprise the entire cast of "Whispers on the Wind," the current musical presentation at Theatre 3 in the Quadrangle. It's a show with a joyous and heart-warming atmosphere that celebrates the essential goodness of life.

Gentle Musical

Play Is Soothing

By JACK HARKRIDER

The title is "Whispers on the Wind," and as the name implies, the current production at Theatre 3 is a gentle musical which features gossamer slices of nostalgia as the main dish.

None of the songs will be familiar, but many of the experiences will be, and that's the point of the whole play.

Unlike most nostalgia offerings, "Whispers" doesn't rely on trite situations, thinly disguised with period songs and costumes. Instead, it takes life experiences which have happened to most of us, laces them together into a two-act series of vignettes, then relies on the collective memory and empathy of the audience to complete the entertainment chain.

Drifting from birth, to the experiences of growing up, to survival in the adult world, and finally to second generation birth, Theatre 3's production evokes laughs, sighs and occasional far-away looks as memories are jogged into recalling fond happenings of lives gone by.

Written by John B. Kuntz, with music by Lor Crane, "Whispers" has no scenery, save three small raised platforms and a stepladder. It forces concentration on the musical and the five-person cast, and the result is a warming recollection of personal moments which leaves you with the realization that life goes on, love exists, and it isn't as bad as it may seem.

Stephen Tobolowsky, the noted Christ figure in Theatre 3's "Godspell";

Larry Whitcher, portrayal of John the Baptist and Judas in the same production; Sigrid Mureen, Theatre 3 newcomer; Steve Riley, fresh from playing Modred in Crystal Palace's "Camelot," and Sharon Bunn, a Theatre 3 veteran, comprise the cast and they play well together.

While the musical harmony was lacking on opening night, each performer displays an adequate voice, with a special nod going to Miss Mureen who does a smash job on "Prove I'm Really Here."

The acting kudos go to Tobolowsky who is a contemporary Puck with down-home graciousness in his role as Narrator. But also

deserving honors is Whitcher as First Man, along with Riley as Second Man, Miss Mureen as First Woman and Miss Bunn as Second Woman.

The bottom line on "Whispers," then, is that it's another in the tradition of notable productions presented by Theatre 3. It is relaxing, enjoyable and entertaining, and makes for a warm feeling on a cold evening.

"Whispers" will run through the first part of January and will be followed by Moliere's "The Misanthrope" on Jan. 17. Theatre 3 is located in the Quadrangle, 2800 Routh St.

To Speak

Jack Hyles will be the speaker for the Bible Conference at the Canyon Creek Baptist Church on Dec. 16 and 17 beginning at 7 p.m. Dr. Hyles has been pastor of the First Baptist Church in Hammond, Ind. since 1959. He is also Superintendent of the Hammond Baptist Schools and Founder of Hyles-Anderson College. The singing for the Bible Conference will be directed by Bill Harvey of Houston, Tex. All area citizens are invited to attend the two sessions.

Planning Sessions

Announced

Wednesday, Dec. 11 at 7:30 p.m. at 910 Grinnell and Thursday, Dec. 12 at 9:15 a.m. at the West Shore United Methodist Church. The League of Women Voters of Richardson will hold state program planning sessions. Visitors are welcome.

Every two years local Leagues throughout Texas suggest topics for statewide study. The suggestions are sent to the Board of Directors of the League of Women Voters of Texas to be compiled and coordinated. Topics suggested by the most local Leagues are then put on the ballot as Board-recommended items at the state convention every two years. At the convention, local League delegates have the option to select one or more of these items or lobby other local Leagues to accept different items.

The League of Women Voters is nonpartisan and works to promote the active and informed participation of citizens in government. League membership is open to all citizens of voting age. Associate memberships are available to non-citizens and those below voting age. Cathie Patrick is the President of the Richardson League and can be reached at 231-0130. Barbara Grenier is the League's Membership Vice-President at 231-8755.

Policy Serves Seasonal Need

Tex. (UPI) — The Federal Reserve System's new "seasonal borrowing privilege" may provide a \$1 billion boon to Texas' economy, according to economists with the Texas Agricultural Extension

Service.

The new lending policy is designed to help rural banks expand loan fund sources where the local economy has a seasonal loan need, such as with grain sorghum, cotton, wheat or rice production.

These gifts won't be returned by New Year's.

An extension phone is one holiday gift that's appreciated every single day of the year.

Because in addition to being as practical as ever, extensions are now more beautiful than ever.

General Telephone's new Phone Mart store has dozens of telephones on display for Christmas, with a style and color to fit every personality—from a charming, blue French phone to a hot, red Candlestick version to the rich-looking executive box phone. (There are over 70 models.)

To choose a gift phone, all you have to do is come in and shop for it. When you find one you like, take it home.

If you like, we'll even gift wrap it for you.

We bill your account for as many months of service as you'd like to give. That's all there is to it.

To make Christmas even merrier this year, Phone Mart is offering a special album of Christmas songs featuring Anita Bryant, Jerry Vale, The Mormon Tabernacle Choir and many other Columbia recording artists.

It's yours for a price even Scrooge would go for. Just \$1.25, tax included, only at Phone Mart. (Limit one per customer, while supply lasts.)

So come to Phone Mart, pick up a record, then browse through our collection of phones.

And let us help you ring in the holiday season.

\$1.25 only at Phone Mart

SPORTS PLANO STAR - COURIER

Natatorium To be Closed Dec. 13-15

In conjunction with the Plano Parks and Recreation Department sponsored A.A.U. swim meet, the Plano Community Natatorium, 1712 Avenue P, will be closed for public swimming Friday, Dec. 13, Saturday, Dec. 14, and Sunday, Dec. 15. The public is invited to attend the swim meet which will feature some of the best A.A.U. competitive swimmers from across the state of Texas. Admission is free.

The Plano Community Natatorium will be the site of the Plano Parks and Recreation Department sponsored Amateur Athletic Union Swim meet Dec. 13-15. The public is invited to attend the meet, which is expected to host the top amateur swimmers in Texas. Admission is free. (Staff photo by Mike Newman.)

Leading Fisherman to Speak to Bass Club

Danny McCain at Tonight's Meeting

Prize winning bass fisherman Danny McCain will be the featured guest at the Plano Bass Club's Dec. 10 meeting, 8 p.m., at the Atlantic Richfield Auditorium. McCain will present a seminar on the finer aspects of bass fishing to the club members and any other interested persons wishing to attend. McCain is a consistent bass tournament money winner and a contender for B.A.S.S. top 24. Color action movies depicting bass fishing techniques will be

presented by McCain in addition to a question and answer period. McCain is provided to the Plano Bass Club by the Tide Craft Corporation. He has fished professionally for four years. In last month's Bass Club tournament at Lake Palestine, Mark Stevenson and Jim Starnater won the

team competition with 24 lb. Stevenson also had the big bass, 3 lb. 5 oz., and heavy stringer, 15 lb. 3 oz. The December tournament will be the 14th-15th at Lake Ray Hubbard. In will be at the Rockwall side of the 66 bridge. Tournament hours are from dawn to 4 p.m. Saturday and dawn to noon on Sunday.

Teaff: Coach of the Year

BY MIKE RABUN UPI Sports Writer WACO, Tex. (UPI)--Donnell Phillips Teaff, an attractive woman who looks as if she might have once been a cheerleader and indeed was, had just spent a part of her birthday sitting in the cold watching her husband direct his football team on the greatest day of his coaching career. And now that the game was over and the victory over Rice had been won, Mrs. Teaff sought out her husband and threw her arms

around him. "I haven't forgotten about your birthday," Grant Teaff told his wife. "I have a present for you. How would you like to go to the Cotton Bowl." And on Jan. 1, of course, that is exactly where Mr. and Mrs. Grant Teaff, the Baylor football team and tens of thousands of Bears fans will be. The Bears, Southwest Conference champions, will be in the Cotton Bowl Classic for the first time, facing Penn State. That has come

about primarily through the efforts of Grant Teaff, who for the second time in three years has been selected as UPI's SWC coach of the year. "I feel so humble about the successes we have had this year," said Teaff, "that it is hard to discuss it. "A lot of things have blended together for the good this season. But I think the best coaching I've done was last season when we went 2-9. That's when it's tough, when things don't go the way you want them to go." Things certainly went the way Teaff and his coaching staff wanted this year. After not winning a conference game in 1973, the Bears put together an 8-3 record. Baylor's success has touched off a wave of natural public sentiment since the Bears have been everybody's underdog for generations. "I think that winning the championship and going to the Cotton Bowl says a couple of things," Teaff said. "First it shows that a

private institution that is really desirous of competing can compete. If they have a deep, burning desire they can do it. You can make up all sorts of excuses for losing. "The desire to compete must go back to the alumni and other backers. It costs money to run a good program and it says a lot for Baylor University that we have the people who want to compete. "Baylor University is a Christian institution and a Christian institution needs to compete like everybody else."

Tennis Courts Closed

The Plano Parks and Recreation Department announced today that tennis courts 2-6 at Plano High School will be closed for public play for repairs and resurfacing. The work, under contract of the Plano Independent School District, should take approximately 90 days to complete. Tennis courts 1 and 2 may still be reserved for public play by calling the Plano Parks and Recreation Department at 423-4795.

Dec. 4 10:00 A.M. Till 9:00 P.M. 2915 W. 15th Prairie Creek Village 423-3726

Football Contest Winners Named

Despite all the upsets and tie football games last week, the Star-Courier's football contest winning entry missed only four games. Brian Benoit of Garland won the contest. Benoit also placed in the contest twice previously this year. Benoit will receive \$25 by mail. Second place and \$15 was won by Mark Freeman of Plano. Freeman missed seven games, the only contestant out of 500 plus entries missing that few amount of games except Benoit. Third place and \$10 was won by Mrs. R.L. Martin of Plano. Mrs. Martin missed eight games but edged five other entries with her tiebreaker prediction missing only four points on the Dallas Carter 19 Vs. Plano 7 score.

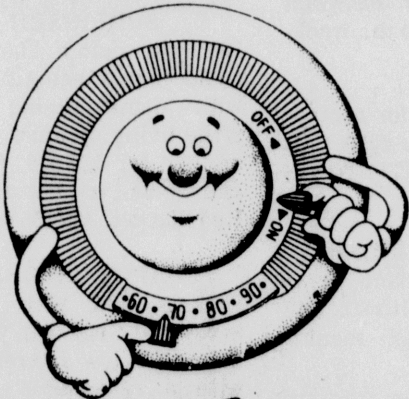

Local winners should pick up their prize money in person at the Star-Courier, 1301 19th St. The entries this week contained two tie games which no one predicted as an even finish. The Star-Courier maintains that tie games must be predicted despite the fact that a team will continue advancing in the playoffs. Example: Gainesville and Brownwood tied at 10-10 in their AAA playoff. The only correct prediction was "Tie" despite Gainesville advancing in the playoff on first downs. This was the final week for the football contest. The contest was provided by the Star-Courier and local merchants as a boost to the Plano High School football team and Collin County teams, whose games were included each week in the contest.

By UPI Top Rookies Named

NEW YORK (UPI) -- The 1974 UPI National Football League All-Rookie team:

- OFFENSE
- Quarterback--Tom Owen, San Francisco
 - Running back--Don Woods, San Diego
 - Running back--Wilbur Jackson, San Francisco

 - Tackle--Claudie Minor, Denver
 - Tackle--Charlie Getty, Kansas City
 - Guard--John Hicks, New York Giants
 - Guard--Tom Mullen, New York Giants
 - Center--NONE
- DEFENSE
- End--Ed Jones, Dallas
 - End--Fred Cook, Baltimore
 - Tackle--Carl Barzilauskas, New York Jets
 - Tackle--John Dutton, Baltimore
 - Middle Linebacker--Jack Lambert, Pittsburgh
 - Outside Linebacker--Matt Blair, Minnesota
 - Outside Linebacker--Sam Hunt, New England
 - Cornerback--Roscoe Word, New York Jets
 - Cornerback--Terry Schmidt, New Orleans
 - Strong Safety--Prentice McCray, New England
 - Free Safety--Mike Holmes, San Francisco

Reducing plan for energy users

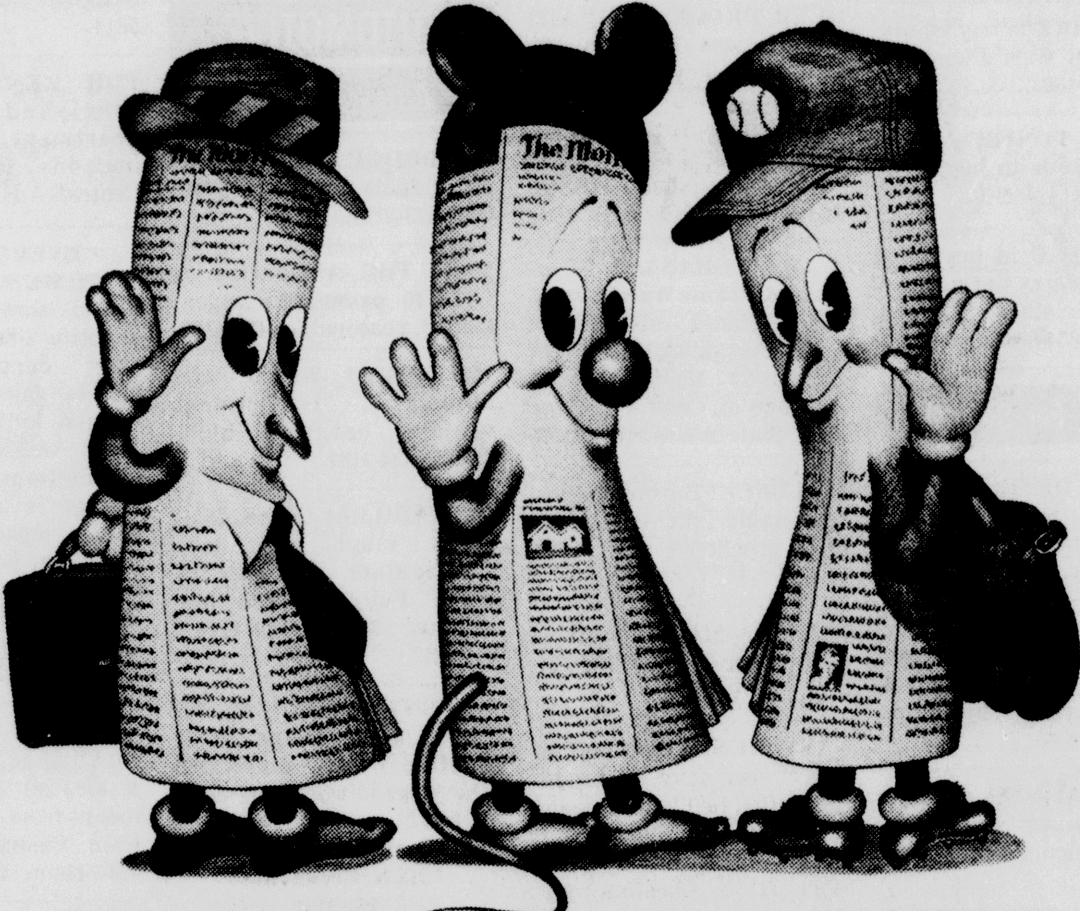

Plan F How to save when using electric heating

1. Keep heating equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
2. Set thermostat at 68° and leave it. Lower to 50° 60° if you'll be away several days.
3. Weatherstrip doors and windows; caulk cracks to prevent drafts and warm air loss.
4. Check the filter every 30 days on forced-air systems. If filter is permanent, clean it by manufacturer's directions; if it's disposable, replace if dirty.
5. Thorough home insulation keeps the warmth in. Can cut energy use 20% or more. Can pay for itself by lowering heating (and cooling) costs.
6. When fireplace is not in use, keep damper closed.
7. On sunny days open draperies, blinds to let in warmth of sun.
8. Open outside doors as little as possible.
9. Keep furniture, draperies away from air outlets and returns so air will flow easily. Clean annually.

Conserve electricity and you help conserve one or more of the fuels needed to produce it: natural gas, coal and oil. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call or see the Customer Service Representative in the TP&L Office.

Without advertising, you can wave goodbye to the comic strips, the sports page, and the front page of your newspaper.

And maybe your own job.

Think about it. Advertising pays for the features and the news that your newspaper brings to you so economically. Companies that want to tell you about their products, their sales, and their unique services pay for the space to advertise and that pays for most of the newspaper. If these companies were suddenly deprived of their right to advertise — to communicate with their customers — you can be sure sales would drop. If sales drop, production slows and ultimately

people lose jobs. And if certain Texas companies could possibly be ordered not to advertise, who would be next? Maybe your company? The next time you think about advertising, think about free speech and the right of one person to communicate with another. It's all the same thing. Write Governor Dolph Briscoe, State Capitol, Austin, Texas 78711 and your legislators to tell them how you feel. Then sit back and enjoy your newspaper.

Advertising is everybody's business.
